

August 10, 2023

Dear Dean Dunaway and Dr. Sharon Bird,

As part of the ongoing Academic Transformation initiative, the Provost's Office has completed its [Board of Governors Rule 2.2](#) Program Review process for the identified program(s) in the Center for Women's and Gender Studies.

Possible Recommendations

Under WVU Board of Governors Rule 2.2., there are four possible recommendations for programs, and they are defined as follows:

1. Continue at the current level of activity (i.e., no recommended changes for the program)
2. Continue at the current level of activity with specific action (i.e., the program will continue to exist, but there are recommended changes for the program, including reduction of faculty positions)
3. Development of a cooperative program (i.e., potentially merging one or more programs together to create a new program / curriculum)
4. Discontinue the program (i.e., program will no longer exist after a teach out is completed)

Preliminary Recommendations

After considering the data previously released, the information contained within your unit's Self-Study Review Form, and consulting with the unit's dean's office, the Provost's Office Preliminary Recommendation is as follows:

- BA Women's and Gender Studies: Continue at the Current Level of Activity with Specific Action
 - The program and Center will be moved under the administrative oversight of the Department of Sociology and Anthropology.

The key components that led to the Provost's Office Preliminary Recommendations include the following:

- The unit was placed under review due to enrollment declines, an increase in faculty, and a below median ratio of faculty-to-program majors.
- The plan presented by the unit in its self-study had a strong argument for its relevance to the land-grant mission and to state service. The unit directly engaged with its data and provided meaningful context. It has positive net revenue and SCH growth due to attention to student preferences and unit budget. The unit presented a plan for reduction in per-course instruction and a 63% cut in operations budget.
- The unit has created a BS degree program aimed at improving enrollment through academic transformation and reduced one instructor through that process. It has also increased section size.

Notifying Your Faculty and Staff

The chair or school/division director must notify the faculty and appropriate staff within this unit of the Provost Office's Preliminary Recommendations by forwarding this email and CCing Associate Provost for Curriculum and Assessment Lou Slimak (Louis.slimak@mail.wvu.edu) and the college dean. This notification should occur **within 24 hours of receiving this letter**.

Program Review Appeal Process

If a chair, school/division director, or faculty member opts to appeal any part of the Provost's Office Preliminary Recommendation, they must submit a [Notice of Intent to Appeal](#) by **August 18, 2023**.

Any chair, school/division director, or faculty member who files a Notice of Intent to Appeal will receive notification at least three business days in advance of when the Program Review Appeal Committee hearing for their program will be scheduled. Most hearings will occur between **August 21 – September 5, 2023**.

To ensure a broad-based representation, the Provost's Office will establish a Program Review Appeal Committee specific for each unit. Members will include the vice provost, an associate provost (undergraduate or graduate), the program review officer, a representative from the dean's office of the unit's home college, two representatives from dean's offices outside of the unit's home college, and the Faculty Senate chair or designee.

The chair, school/division director, or faculty member who filed the Notice of Intent to Appeal must submit the [Program Review Appeal Form](#), which contains any additional information or data they wish the Program Review Appeal Committee to consider, at least two business days in advance of the hearing. For units appealing the number of faculty to be reduced, it is strongly recommended that the unit present a staffing plan that demonstrates what number of faculty are needed to deliver the unit's curricular requirements, including the number and size of its section offerings.

During the appeal hearing, the unit's representative is given 30 minutes to present the substance of their appeal and 15 minutes to address questions from the Program Review Appeal Committee.

The Program Review Appeal Committee will then deliberate and vote to accept or change the Provost's Office Preliminary Recommendation. The program review officer tallies the votes, informs the Program Review Appeal Committee of the results, and communicates the results to the dean's office and chair or school/division director within three business days following the hearing.

If the appeal is denied, the original recommendation will be presented to the Board of Governors for a vote on September 15. If the appeal is granted, the Program Review Appeal Committee may provide a new recommendation to the dean and chair or school/division director. This new recommendation would also go to the Board of Governors for a vote. All decisions made by the Program Review Appeal Committee are final.
